

Dear Members of the Nassau County Bar Association,

Effective Thursday, **December 10, 2020**, The Nassau County Family Court will have reduced staffing so we are reducing in person appearances.

The 12 parts currently open daily will remain open, but with virtual appearances only.

Petitioners on family offense petitions may still file in person but they will be seen in one of our offices instead of a courtroom.

We will continue to accept new filings through nasfamily@nycourts.gov and through EDDS.

I ask that you have patience with us during this time as we are behind in processing petitions already and with reduced staff we will also be behind in after court processing.
